I spent the day at [REDACTED] and was very pleased with the new facilities.

a. Office and classroom facilities are excellent, and the construction project is almost finished with the exception of landscaping and a few "punch list" items to be cleaned up.

b. The station is very busy now, but it will be even busier during the WH Station Chiefs' Conference in mid-April. A scheme has been developed whereby the Midcareer Course can also be conducted at

[REDACTED] I reviewed with [REDACTED] the plans for accommodating the Station Chiefs' Conference; and I believe that this Conference can be handled very smoothly. It will be necessary to provide some additional transportation, but I am sure that cars can be rented from the [REDACTED]

It will probably also be necessary to provide some TDY assistance from Headquarters, such as Security Officers, secretaries, etc., but this also should pose no problem. I found the [REDACTED] staff very anxious to host the Conference and very enthusiastic about the possibility of showing their new facilities to the Station Chiefs and especially to the Director.

d. [REDACTED] said that he understood (and this is probably correct) we cannot use any of the money on deposit [REDACTED] for the construction project to pay for demolition of the old temporary structures. (I want to look into this because it appears that we will have at least \$50,000 left over which could be put to very good use for demolition and other purposes [REDACTED]. In particular, I would like to see the new club refurnished. The office-type furniture in the lounge and elsewhere detracts considerably from what would otherwise be a beautiful club.)

e. I also learned that [REDACTED] will depart [REDACTED] about 1 May. (I want to check with General Carter to see whether he thinks it wise to keep Ken's house, rather than Quarters 3, vacant for V.I.P.'s. Quarters 3 would be much better for a family. However, I doubt that Ken's house would be completely adequate for V.I.P.'s unless we add to the existing structure. I want to ensure that no one moves into the house until we have made this decision; I spoke to Matt Baird about it.)
